**Maximus Capital S.A. is launching a Kiev representative office**

In October of 2011, Maximus Capital S.A. has launched the representative office in Kiev.

Responding to the strong demand for Maximus Capital S.A. services from the Ukrainian client base the company has opened a representative office in Kiev. The representative office will perform the usual representative functions to inform about the capabilities of our Swiss-based operations. As a regulated financial market participant, Maximus Capital S.A. provides services across the core lines of its business: asset management, capital introductions, real estate & corporate finance, lifestyle services and fiduciary services.

“These are very positive news for our clients and partners in Ukraine,” commented Gene Zolotarev, CEO of Maximus Capital. “The new office in Kiev was the next logical step in our development process that will help us continue our growth at the international level.”
